Technical Skills

Languages: C#, JavaScript, C++, C, Java, HTML5, CSS3

Frameworks & Libraries: ASP.NET Core (MVC), React.js, Next.js, Node.js, Express.js, Entity Framework Core, Tailwind CSS

Databases: SQL Server, MongoDB, MySQL, Convex

Tools & Platforms: Git, GitHub, Vercel, Postman, Clerk, Mapbox

Concepts & Architecture: RESTful APIs, WebSockets, MVC Architecture, Data Structures & Algorithms, Agile

Professional Experience

Programmer Analyst Intern

Jan 2026 – May 2026

Cognizant / DotNet Full Stack Engineer (FSE) - React

Chennai, India

- Developed responsive enterprise financial modules for FX Quotes and Rate Locks utilizing **React.js**, improving overall UI rendering performance.
- Engineered secure **RESTful APIs** using **ASP.NET Core MVC** and **JWT authentication** to process high-throughput financial transactions.
- Architected scalable relational schemas and optimized data persistence using **SQL Server** and **Entity Framework Core**, reducing query latency.
- Collaborated within a cross-functional **Agile** team, actively participating in code reviews to deliver production-ready features in fast-paced sprints.

Projects

AI Trip Planner (WayQuest) | [GitHub](#)

- Engineered an AI-driven travel platform using **Next.js** and **Gemini API** to generate personalized itineraries.
- Implemented a serverless **Convex** backend for real-time data synchronization and scalable **Vercel** deployment.
- Integrated **Mapbox** for interactive route visualization and embedded **Clerk** for secure user authentication.
- **Tech Stack:** React.js, Next.js, Tailwind CSS, Gemini API, Mapbox, Convex, Clerk, Vercel

Chat Application | [GitHub](#)

- Developed a real-time messaging app using **React.js** and **Node.js** with **Socket.io** for low-latency chat.
- Engineered RESTful APIs with **Express.js** and secured user sessions using **JWT authentication** mechanisms.
- Designed an optimized **MongoDB** schema for message persistence and rapid historical chat retrieval.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB, Socket.io, JWT, Tailwind CSS

Education

Lovely Professional University

Aug 2022 – Jul 2026

Bachelor of Technology in Computer Science and Engineering | CGPA: 7.47

Punjab, India

Achievements & Certifications

- **Algorithmic Proficiency:** Solved 400+ Data Structures and Algorithms problems across **LeetCode** and **GeeksforGeeks**.
- **Technical Training:** Mastered algorithm optimization and data structure implementation through a 2-month dedicated program at CipherSchools.
- **Web Development Bootcamp:** Built secure **MERN stack** web applications during an intensive Full Stack Web Development program at CSE Pathshala.
- **Professional Certifications:** Earned specialized Coursera certificates in **Prompt Engineering**, **Generative AI**, and **Computer Networking**.
- **Leadership:** Directed the Skill Showcase Fest for 500+ attendees, managing end-to-end event planning and cross-functional team execution.
